PROFESSIONAL EXPERIENCE

Sui Northern Gas Pipelines Limited (SNGPL)

Lahore, Pakistan

CA Trainee / Associate – Finance, Accounts, Revenue, Tax & Internal Audit

Progressive rotations across Audit, Ledger, Revenue, and Tax functions

Mar 2023 – Present

- Gained hands-on experience across Accounts, Revenue, Taxation, Finance, Budgeting, and Internal Audit functions within one of Pakistan's largest public-sector energy organizations.
- Designed and implemented the Revenue Department's first automated Excel-based reconciliation and reporting solution, generating approval notes, payment vouchers, summary reports, and Oracle balance reconciliations from a single invoice input — significantly reducing manual effort and processing time.
- Selected as one of five members of a Regional Audit Committee established by the CFO, contributing to fraud risk assessments, investigations of financial irregularities, and reviews of internal controls across regional and sub-regional offices.
- Performed reconciliations between Oracle ERP records and departmental data, improving the accuracy, completeness, and reliability of financial information.
- Coordinated with major suppliers to investigate and resolve account discrepancies and prepared comprehensive supplier reconciliation statements.
- Prepared and supported the filing of Sales Tax returns and input tax claims in compliance with applicable tax regulations.
- Prepared consolidated bank reconciliation statements and EOBI deduction summaries by compiling and analyzing data from regional offices nationwide.
- Assisted in preparing annual revenue and capital budgets, consolidating financial information across multiple regions.
- Prepared year-end accruals, financial schedules, and supporting reconciliations within Oracle ERP to enable accurate financial reporting.
- Supported internal audit assignments across departments and prepared audit observations and reports for senior management review.
- Assisted external auditors during annual and semi-annual audits by preparing schedules, providing documentation, and resolving audit queries on time.
- Validated high volumes of medical and critical expense claims daily to ensure accuracy and compliance before processing.
